HIGH TECHNOLOGY VILLAS <<PARCHITELLO ALTA>> a new neighbourhood is growing up.

Bari. The new residential complex Parchitello Alta, in construction on the highest point of Torre a Mare hill, has been presented to the public. 48 single family villas, and 63 dwellings with garden or panoramic terrace within an area equipped with all main services, in which a 70.000 square meters park with bicycle and pedestrian paths will be added. <<Today Parchitello Alta is certainly the new reference point for the buying of a new house appreciated by selective customers in a hard period of time for the real estate industry. For this reason we can state that whoever buys these dwellings will have in future a dwelling with an increased value>> states Francesco Gervasi, Broker of the real estate agency RE/MAX Acquachiara Servizi Immobiliari of Bari.
